---

Computer Science student interested in a data science or software engineering internship. Will be pursuing master's in computer science with a focus in data science after finishing undergrad.

## EDUCATION

SPRING 2021

**BACHELOR OF SCIENCE IN COMPUTER SCIENCE**, KENNESAW STATE UNIVERSITY

Minor in Math

Focus in Data Science

3.85 GPA

Upper Level Electives – Data Mining, Machine Learning, Big Data Analytics

## EXPERIENCE

APRIL 2019 – AUGUST 2019

**STUDENT HELP DESK EMPLOYEE**, KENNESAW STATE UNIVERSITY

Assisted about 100 students and faculty per week with website and hardware issues.

## PERSONAL PROJECTS

Python – House price prediction using linear regression with TensorFlow

Python – Handwritten number recognition using TensorFlow

Python – Covid19 data analysis using pandas, NumPy, and seaborn

Python – Discord bot written with discord.py

JavaScript – Three custom shaders written in WebGL

HTML/CSS – Personal resume website

Java – Simple word processor using JavaFX

## SKILLS

### Languages

- Java, C++, Python, JavaScript, HTML, CSS, SQL, ECL

### Libraries/Frameworks

- TensorFlow, WebGL, pandas, NumPy, seaborn, discord.py, JavaFX

### Soft Skills

- Problem solving skills, strong work ethic, experience working in teams

### Operating Systems

- Windows, Linux
